**Enhanced beauty.
Ahead in technology.**

FIANA[®]
SMART MEETS BEAUTIFUL

A TOUCH OF ART FOR YOUR WALLS.

A switch that's more than just a device to turn on and off the lights and fans.

Perfectly blends with your wall colour and designs, to bring out the beauty of the switches. With zero alignment issues and infinite innovative possibilities, so your walls come alive, in true artistic brilliance.

**REPRESENTS FUTURE.
STANDS ETERNAL.**

FIANA EVO PLATES

New to the town, yet already making a statement are Fiana Evo plates. Every wall becomes a masterpiece when the chic chrome bezel of the plate imparts its charisma and oomph into the living space.

FIANA TWIN PLATES

Double the elegance of your home decor with a clean and non-obtrusive style of Fiana Twin Plates. These borderless plates retrofit easily onto your existing wall boxes combining functionality with style, allowing a sleek and low-profile appearance. Fast-moving and regular, but not so ordinary when it comes to its extensive colour range of 6 magnificent shades.

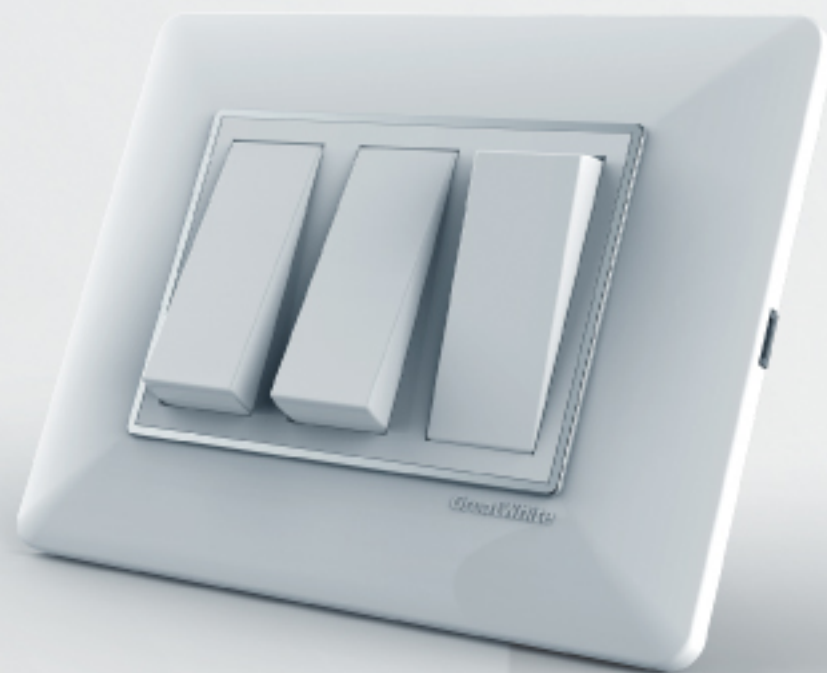

FIANA F-WOOD

Say bye to your regular, traditional Non Modular switches and welcome the modern, classy and elegant Fiana F-wood. Bringing convenience at your fingertips, as it is designed to fit your already installed wooden boxes. The sophisticated and subtle look given by the two available shades makes it easier for the switches to blend into any decor.

FASHIONS VIBRANCY. BEAUTIFULLY SILENT.

SRM Silent Rocker Mechanism

Experience the silent perfection with **SRM (Soft Rocker Mechanism)™**. The advanced gliding rocker mechanism is a quiet chase to dramatically revolutionize the electrical world. Unique to some GreatWhite switches, this groundbreaking technological transcendence embraces the beauty of silence leading to quieter on/off sounds.

DESIGNED DYNAMICALLY. FUNCTIONS SMOOTHLY.

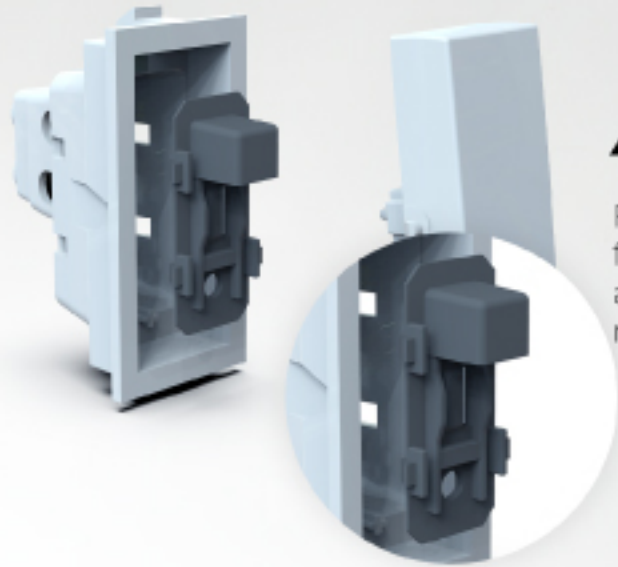

DDS Dynamically Designed Socket

The **DDS (Dynamically Designed Sockets)** of Fiana are a smooth killer of loose connections. Get a firm grip on the longevity of the switch through its smoothest functionality of removal/insertion. Each part is individually designed and backed by a spring-like material to collectively guarantee 2-lakh clicks.

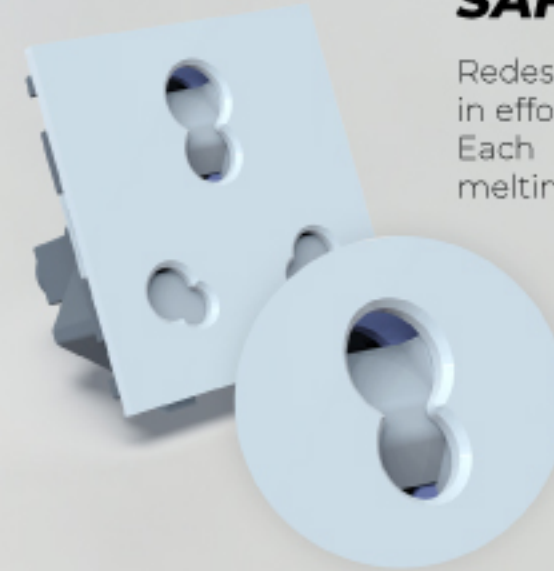

BUILT STRONG. OPERATES SMART.

ARC SHIELD

Fitted with a unique arc shield with extra firm locks, every switch has a larger contact area to ensure easy flow of current and reduced spark visibility.

SAFEST SOCKETS

Redesigned for easy gliding and plug insertion to result in effortless make-and-break contact and a firmer grip. Each switch is crafted with PBT featuring a high melting index to combat thermal fluctuations.

ADVANCED GLIDING CONTACT

Switches fitted with a plunger made of self Lubricating Plastic engineered specially to enable smooth gliding action.

SHROUDED TERMINALS

Prevent accidental shocks by the terminal to the finger.

SAFEGUARDS INSTANTLY. SHINES LIMITLESSLY.

COLLARED SWITCHES

Perfectly complements your wall with bold borders and zero alignment issues, enhancing the aura of the room effortlessly.

EVERLASTING ELEGANCE

A shade of brilliance with a touch of genius, a pure white, unlike any other, that stays whiter for longer. A universal accompaniment to all styles of decor, the switches lend themselves beautifully to every wall.

POLYSHIELD PROTECTED

Crafted from a special polycarbonate Polyshield, each switch has UV stability and is safeguarded from external environmental factors.
